

## URC Fall 2024 Horse List by Horse Level and Lease type(s)

**Note: horses are levelled by horse skills/experience, value and versatility - eligible riders may choose among horses they routinely ride in lessons. \*Advanced riders only**

**Note to summer leasers:** Horse lease types and fees have been allocated by horse skill level, value and use in our program. You have the first option to re-lease your summer lease horse. Please check the level and options for that horse and others you may wish to consider. If a horse has two current leasers, the first leaser responding/submitting payment for the fall has first option. In the event both leasers respond concurrently, first option goes to the leaser with the longest standing lease on the horse
